Attention: Ms. Kathryn Boyle

Dear Ms. Boyle:

SUBJECT: Risk Assessment in Support of Tolerance Exemption Reassessment for ExxonMobil's Aromatic 150 Fluid, And Supporting Documentation

Enclosed please find three copies each of a transmittal document and 15 volumes containing the Risk Assessments and Exposure Assessments for ExxonMobil's Aromatic 150 Fluid, and supporting documentation, in support of tolerance exemption reassessments. ExxonMobil respectfully requests that EPA use these data to conduct a tolerance reassessment for these compounds in accordance with Section 408 of the Federal Food, Drug and Cosmetic Act (FFDCA), 21 U.S.C. § 346a(c)(2)(A).

This compound is a High Production Volume (HPV) chemical that has completed the necessary HPV datasets through the auspices of the ICCA, but for which governmental review has not yet been scheduled.

ExxonMobil looks forward to future discussions on this submission, and would be happy to provide any additional information that you may require. Please telephone me at 281-870-6093 if there are any questions concerning this submission.

Sincerely,

Arlean M. Medeiros
